REGULATIONS.

The Session commences on the second Monday of October.

The examinations are so arranged as to permit the Commencement for conferring degrees to be held as early in March as is practicable. There is likewise an examination of candidates for graduation during the first week of July. The degrees are conferred on the candidates, who are successful at this examination, at the annual commencement following.

The candidate must be of good moral character, and at least twenty-one years of age. He must have attended at least two full sessions of lectures in some regular and respectable medical school, one of which, the last, shall have been in this College, and must exhibit his tickets, or other adequate evidence thereof, to the Dean of the Faculty.

He must have studied medicine for not less than three years, and have attended at least one course of clinical instruction in an institution approved by the Faculty. He must present to the Dean of the Faculty a thesis of his own composition, correctly written, and in his own handwriting, on some medical subject; and exhibit to the Faculty, at his examination, satisfactory evidence of his professional attainments.

The degree will not be conferred upon any candidate who absents himself from the public Commencement without the special permission of the Faculty.

The hours of attendance at the clinics of the College, held during the winter, spring, and autumn, are so arranged as to permit the students to attend the clinics at the Pennsylvania Hospital and the Philadelphia Hospital.

FEE to each Professor, \$20—in all \$140. Matriculation Fee, \$5, to be paid once only. The Graduation Fee is \$30.

The Annual Announcement, containing full particulars, will be sent on application.

A list of Graduates to March, 1869, will be sent to any alumnus on receipt of return stamp; and to anyone not a graduate, on receipt of *twelve cents* in stamps.

SUMMER LECTURES.

To add to the many facilities afforded to the student, who may be able to attend in the interval between the winter courses of lectures, a SUMMER COURSE has been instituted which is conducted by members of the Faculty and others. The course will begin early in April and continue, with a recess in July and August, until the commencement of the Winter Session. The clinical department will be illustrated at the College, Wills Hospital, and the Philadelphia Hospital by members of the Association during their terms of service at these Institutions. The course is of a practical character, and will embrace important specialties in medicine and surgery, but does not count as a "session" of lectures.

Information in regard to the Summer Lectures may be obtained on application to Dr. F. F. Maury, Secretary, No. 1005 Walnut Street.
